APS Members are individuals worldwide whose work focuses on a wide variety of disciplines devoted to human and animal health and function—including systems biology, genomics, translational research and all other life sciences.

**These members possess advanced degrees** (Ph.D., D.V.M., M.D., etc.). However, individuals who hold a masters degree will be considered on a case-by-case basis. The majority of this international membership hold doctoral degrees in physiology, medicine, or other health professions; and they are employed in universities, hospitals, industrial organizations, medical schools, private foundations, and government.

APS also has **Student** and **Affiliate** members. Visit our web site at www.the-aps.org for more information and a detailed list of membership benefits.
