Volume 89, March 2003

Pages 1378–1386: Porcello DM, Huntsman MM, Mihalek RM, Homanics GE, and Huguenard JR. “Intact Synaptic GABAergic Inhibition and Altered Neurosteroid Modulation of Thalamic Relay Neurons in Mice Lacking δ Subunit” (http://jn.physiology.org/cgi/content/full/89/3/1378). The Digital Object Identifier for this article is 10.1152/jn.00899.2002. This was misrepresented in the print version of this article. However, the electronic version of this article has been corrected and so deviates from the print with regard to this correction.

Pages 1434–1439: Lin W, Ogura T, and Kinnamon SC. “Responses to Di-Sodium Guanosine 5’-Monophosphate and Monosodium L-Glutamate in Taste Receptor Cells of Rat Fungiform Papillae” (http://jn.physiology.org/cgi/content/full/89/3/1434). The Digital Object Identifier for this article is 10.1152/jn.00994.2002. This was misrepresented in the print version of this article. However, the electronic version of this article has been corrected and so deviates from the print with regard to this correction.

Pages 1678–1687: Moresco EMY, Scheetz AJ, Bornmann WG, Koleske AJ, and Fitzsimonds RM. “Abl Family Nonreceptor Tyrosine Kinases Modulate Short-Term Synaptic Plasticity” (http://jn.physiology.org/cgi/content/full/89/3/1678). The Digital Object Identifier for this article is 10.1152/jn.00892.2002. This was misrepresented in the print version of this article. However, the electronic version of this article has been corrected and so deviates from the print with regard to this correction.

Volume 89, April 2003

Pages 2035–2045: Boller M and Schmidt M. “GABA<sub>C</sub> Receptors in the Rat Superior Colliculus and Pretectum Participate in Synaptic Neurotransmission” (http://jn.physiology.org/cgi/content/full/89/4/2035). The Digital Object Identifier for this article is 10.1152/jn.00824.2002. This was misrepresented in the print version of this article. However, the electronic version of this article has been corrected and so deviates from the print with regard to this correction.

Pages 2046–2054: Pais I, Hormuzdi SG, Monyer H, Traub RD, Wood IC, Buhl EH, Whittington MA, and LeBeau FEN. “Sharp Wave-Like Activity in the Hippocampus In Vitro in Mice Lacking the Gap Junction Protein Connexin 36” (http://jn.physiology.org/cgi/content/full/89/4/2046). The Digital Object Identifier for this article is 10.1152/jn.00549.2002. This was misrepresented in the print version of this article. However, the electronic version of this article has been corrected and so deviates from the print with regard to this correction.
